Work Experience: Over 23 years in Design and Project Management leading multi-discipline teams to deliver major projects including new freeway segments, interchange improvements, widening for HOV, pavement rehab, and safety.

PECG Experience: Member for 23 years, served as section Director, President, Secretary for 4 years, and Delegate for 2 years. Served as a Co-chair of the Corporate Outreach Committee, member of the Corporate Membership Committee for 3 years and Corporate Science Fair Committee for 5 years.

Statement: I am asking for your vote so I can serve the members of the LA Section as President. There are many issues that I will tackle including outsourcing of jobs, defeating anti-pension bills, and increasing the membership of our Section. My experience with PECG and abilities as a leader as well as my dedication to the members will be an invaluable asset to the organization. If elected, I will resolve issues and concerns of our members, promote our cause with elected officials, and relay the Section's views and needs to the Corporate Office. Thank you for your support.

The information below will be distributed with each Section ballot. Any comments that are obscene, factually incorrect, libelous, or otherwise unlawful are subject to deletion.

Work Experience: Transportation Engineer – 1990 to present (worked with Caltrans Consultants in 90's and later joined Caltrans); QA & QC Accomplishment Award – 1997 (Silverado Constructor);

Licensed Professional Engineer (P.E., AZ)

PECG Experience: President, Los Angeles Section – 2005-06 & 2006-2007 ; President-Elect, Los Angeles Section – 2004-05, Secretary, Los Angeles Section – 2003-2004. I have also served as Section delegate since 2000. Also at present serving as Vice President (V.P.) of Caltrans Wellness Center for two years term. I have been actively involved with various issues and concerns of PECG members as PECG representative.

Statement: It has been a pleasure serving the LA Section PECG. PECG has gained strength and became a strong and effective professional organization because of the involvement and support of members like you. There are some issues that we need to keep focusing on as we move into future. As your PECG representative, my first priority will be to continue our outreach efforts so that our battles to maintain competitive compensation can be played out in the political arena. Since we got our fourth & final pay raise, my goal as PECG President of Los Angeles Section is to communicate for PECG issues and challenges effectively with DPA & State Legislatures.

As your PECG representative, my priority will be to focus and pursue effectively the following issues and concerns of PECG members.

- I will support and work to raise \$65.00 voucher amount (which is only 25% of total cost) to the maximum, where some members pay as high as \$300.00 for public transportation per month.
- Support, push benefit parity and the implementation of a geographic pay differential like federal agencies offer their employees for those located in high cost urban areas.

- I will work hard on other important issues and concerns of members i.e. 100% State paid Medical Insurance, increased Annual leave incl. Management leave, and programs like Employee Assistance Program, Wellness Program etc.
- Work hard to stop contracting out, maintain a stable and level workforce.
- I will try to raise PEEG's issues, current concerns and events that could impact PEEG members.
- Identify and meet the needs of our membership by improving communication within PEEG members.

Also I am working for the last many years with Mayor, Lt. Governor and Speaker including many Legislatures to bring PEEG's agenda to the mainstream politics for recognition, and during my last two terms I tried to bring as many as those dignitaries to our Luncheon, so that our voices are heard. I hope I can count on your support.
